WINGITS® CAST MARBLE SOLUTIONS

As a leader in room and bath solutions, Winglts® is a top provider of innovations to the commercial market since 1999.

Our newest product line, Winglts Wallz™, is a full suite of Cast Marble products to complete any shower/bath space.

AUTOMATIC OVERAGES

Panels come with an automatic 2% product overage to help keep projects on track.

SUPERIOR LEAD TIMES

Thanks to our centrally located Texas warehouse, we can ship anywhere in the US quickly and efficiently.

NON-POROUS

Cast Marble resists the growth of mold and mildew and is easy to clean with minimal maintenance.

WHITE GLOVE LOGISTICS

Specialized shipping and packing methods greatly decrease chances of breakage during transit.

EXPERT CUSTOMER SERVICE

Our customer service team is standing by to assist at every step.

COMMERCIAL-GRADE

Thanks to our superior DuraShield™ Gelcoat, our Cast Marble products are true commercial-grade.

HYGIENIC

Cast Marble is easily cleaned with common commercial cleaners, no specialized cleaners required.

CLASS A FIRE RATED

We offer Class A fire rating as an option, to meet code.

WARRANTY

Winglts® is proud to offer a 2 year warranty for our Cast Marble products.

COMPLETE BATH SOLUTION

Only Winglts® offers solutions both in and out of the bathroom, along with custom product capabilities to create a truly one-of-a-kind aesthetic.

WHY WINGITS® CAST MARBLE?

WINGITS WALLZ™ CAST MARBLE		COMPETITORS
DURASHIELD™ GELCOAT	✓ Top performing Gelcoat, unmatched on the market	✗ Standard Gelcoat
AUTOMATIC OVERAGES	✓ 2% overage on every order	✗ Not every company offers overages
SUPERIOR LEAD TIMES	✓ USA centrally located warehouse	✗ Shipping times can be much longer
A-FRAME PACKING	✓ Minimal breakage during transit	✗ Breakage during transit is common
EXPERT CUSTOMER SERVICE	✓ Here to assist from start to finish	✓ Typically standard
NON-POROUS	✓ Resists mold and mildew	✓ Typically standard
COMPLETE BATH SOLUTION	✓ Full suite of products for every space	✗ Others may only offer panels and pans
COMMERCIAL-GRADE	✓ True commercial-grade product	✗ Not always commercial-grade
HYGIENIC	✓ Easily cleaned with common commercial cleaners	✗ Specialized cleaners sometimes required
CLASS A FIRE RATED	✓ Fire rated to meet code	✓ Industry standard
WARRANTY	✓ 2 year warranty	✗ Typically 1 year warranty

REINFORCED A-FRAME PACKING

Materials are less likely to be damaged in transit.

Uniquely angled packing design prevents damage by stacking.

Offload and handle easily by simply tilting the panels out - minimizing potential damage to other panels.

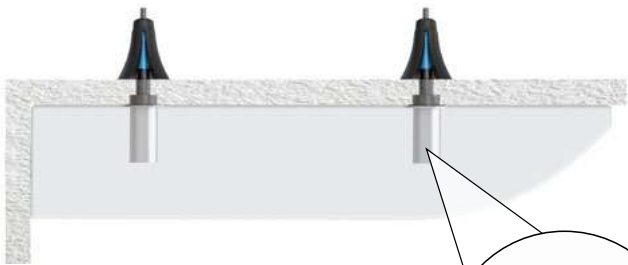

GET THE ENTIRE CAST MARBLE CATALOG:
SALES@WINGITS.COM

CAST MARBLE ACCESSORIES

A full suite of Cast Marble accessories are available to match your pan and panels and complete the shower/tub area.

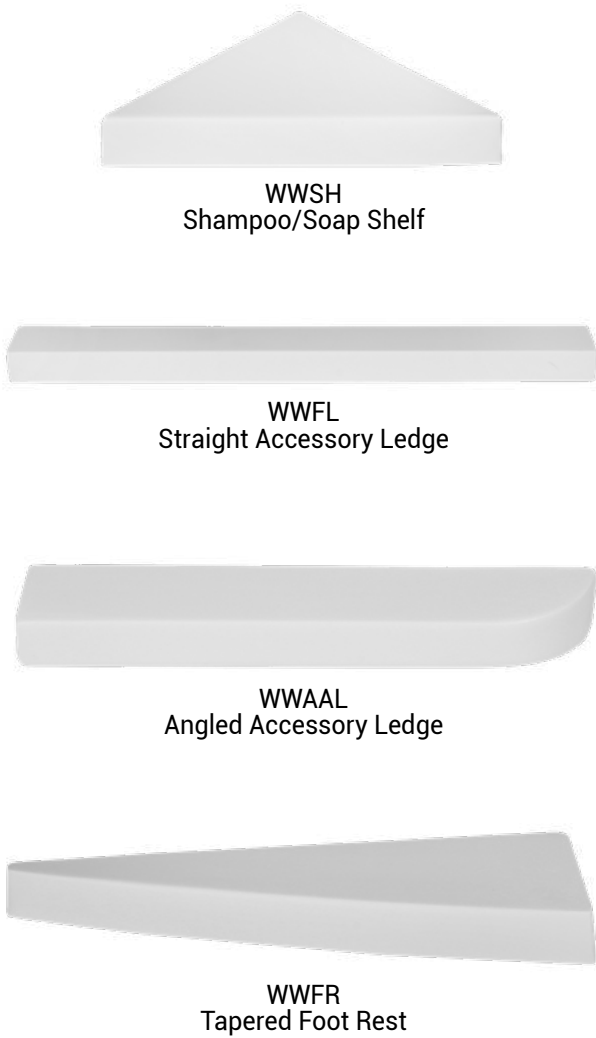

Simple, sleek designs of our Cast Marble accessories add function and beauty.

All Cast Marble accessories feature a permanently sealed surface, resist the growth of mold and mildew, and require minimal maintenance.

Our Super Duty Fastener with Stainless Steel Insert (MMSOSS-SD) ensures structural integrity and longevity of the product.

**Not all Cast Marble accessories install using Wingits® fasteners, see product spec sheet for recommended installation.*

DURASHIELD™ GELCOAT

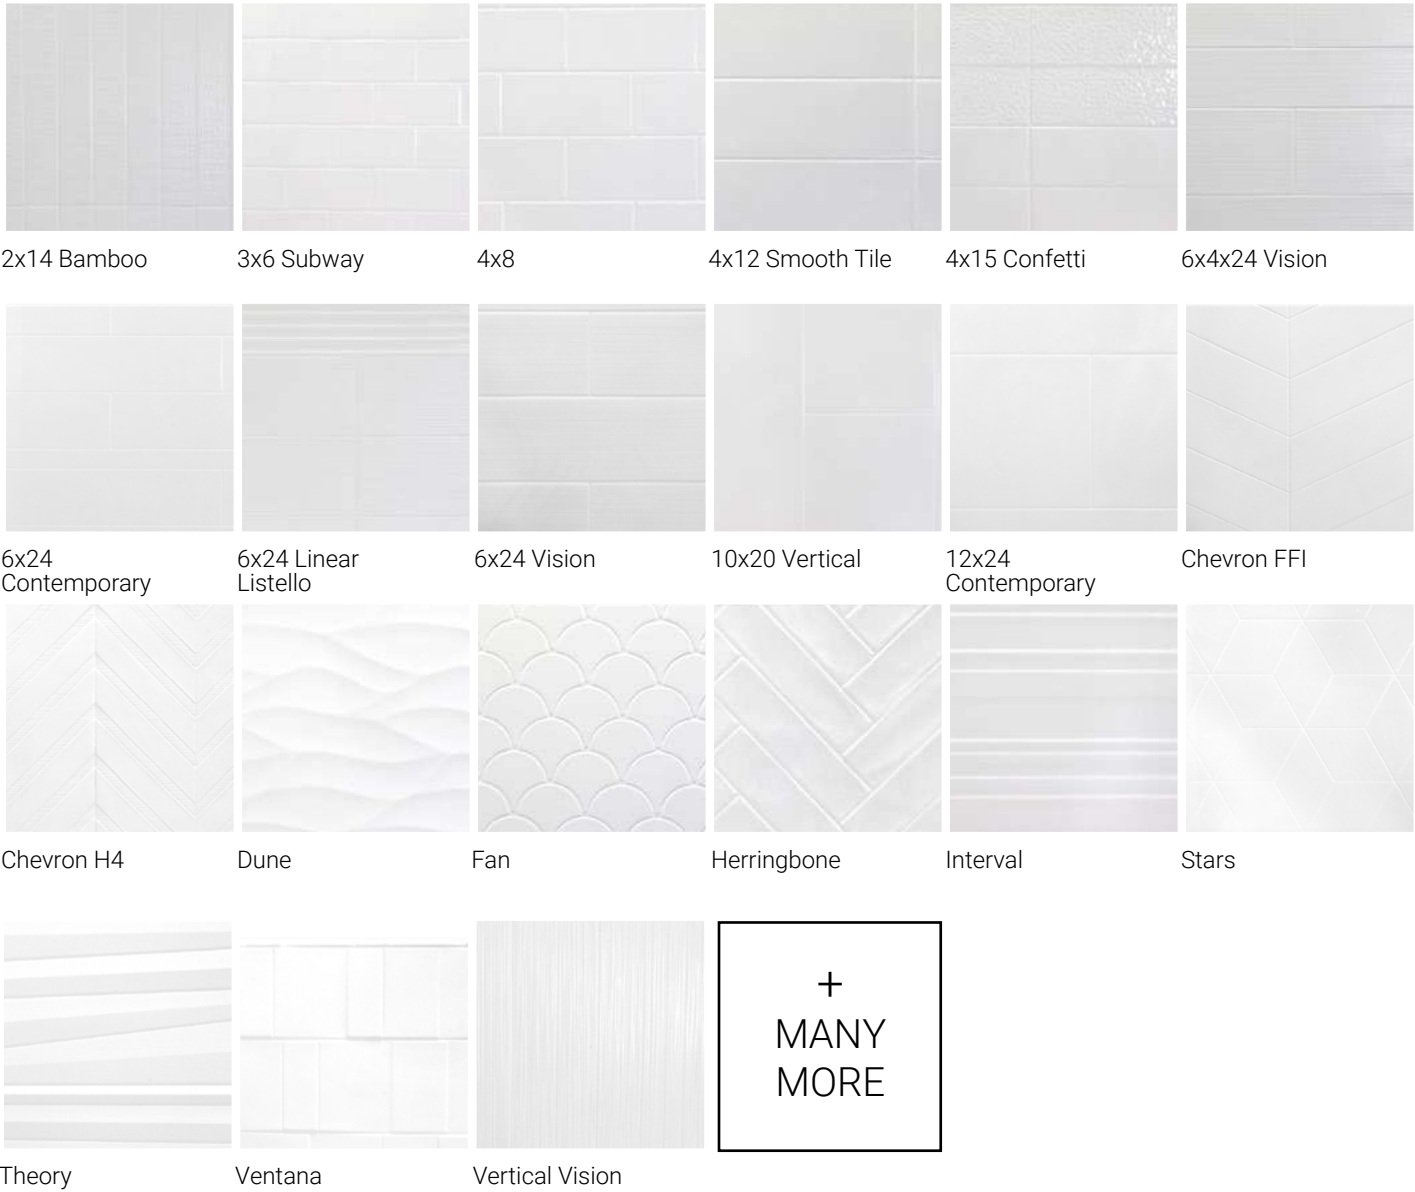

All Cast Marble Accessories feature our unrivaled Durashield™ Gelcoat is the heaviest in the industry.

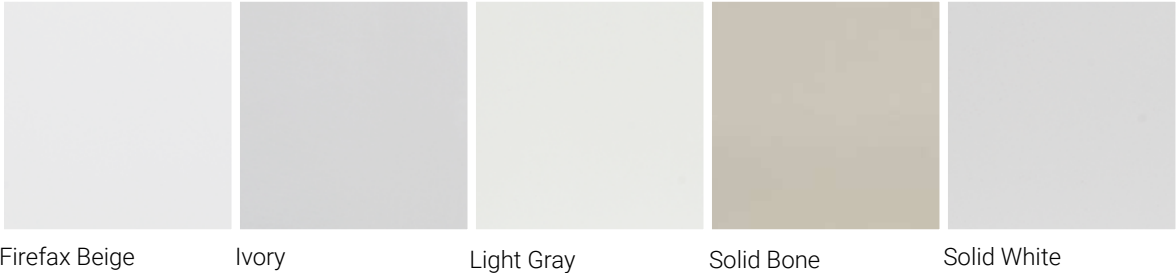

Durashield™ creates a structural, waterproof barrier to achieve the perfect finish.

LIGHTING & ENERGY

COLOR RENDERING INDEX (CRI)

LOW CRI
below 80

HIGH CRI
85+

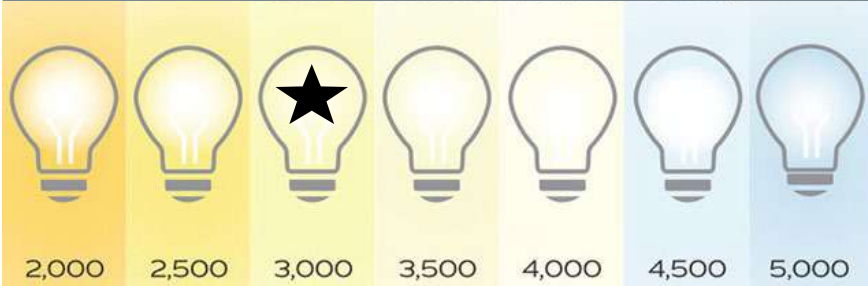

PRECISE-VIEW™
The perfect combination of task and ambient lighting, SilverShield™ backing, diffusers, top quality LED driver, and CRI 85+ creates a beautiful lighting experience with proper light and shade for optimal clarity and comfort.

HIGH EFFICACY
100+ Lumens per watt LEDs. Our crystal clear light is highly efficient and uses minimal power, saving on energy costs every day.

COLOR TEMPERATURE
A wide range of color temperature options available from 3000k-6500k.

LIMITED WARRANTY
Highly efficient LED driver uses less energy and is warrantied for 10 years.

COLOR TEMPERATURE (KELVIN)

Typical Hospitality Kelvin: 2,700K - 3,000K

THE WORLD'S STRONGEST FASTENER®
Included with all WingIts® Lighted Mirrors for quick and easy installation

SAFETY-BACKED GLASS
Vinyl backing protects guests in the event the mirror shatters, eliminating injuries and liabilities.

PATENTED FASTENERS
Our patented fasteners allow easy installation in hollow walls without the need for structural blocking.

2-PIECE MOUNTING SYSTEM
Easy 2-piece mounting system consists of mirror and chassis.

STAINLESS STEEL SAFETY LOCK
Ensures durability and prevents unauthorized mirror removal.

WATER-TITE™
Silica gasketing around the perimeter of the mirror creates a Water-Tite™ seal suitable for damp locations.

PRINT-PROOF™
Fingerprint resistant finish keeps the mirrors looking brand new and reduces cleaning time.

SALES@WINGITS.COM

SUSTAINABILITY

ENERGY SAVING

Energy-efficient LEDs save on energy costs versus alternative lighting types.

ECO-PERFECT™

Sustainable mirrors are environmentally friendly, copper & lead free.

SILVERSHIELD™

Lead-free, high-density SilverShield™ backing eliminates any distortion for a crystal clear mirror.

RoHS COMPLIANT

Does not contain the 10 hazardous elements specified by the Restriction of Hazardous Substances Directive.

WINGITS® CARES

WingIts® is committed to managing environmental impact as an integral part of our operations. It is our policy to ensure the environmental integrity of our processes and facilities at all times. We strive to improve our environmental performance over time and to initiate additional projects and activities that will further reduce our impact on the environment in a responsible way. Our commitment to the environment extends to our customers, our staff, and the communities in which we operate.

BOLD & GRAND BASES

Winglts® offers several different base design options:

GRAND Base option which is double the thickness of our standard base.

BOLD Base option incorporates two standard bases, one larger in diameter, stacked on top of each other.

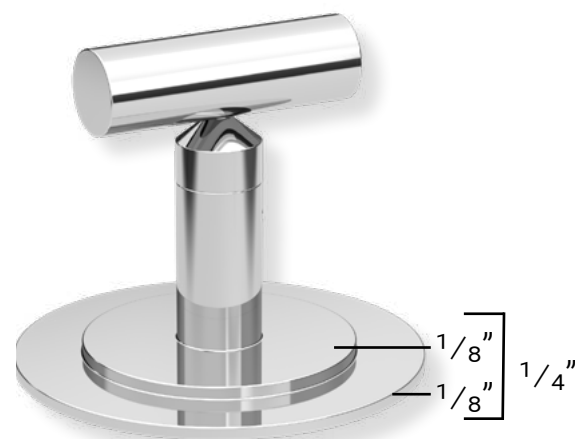

BOLD Double GRAND Base is a combination of the BOLD and GRAND base options.

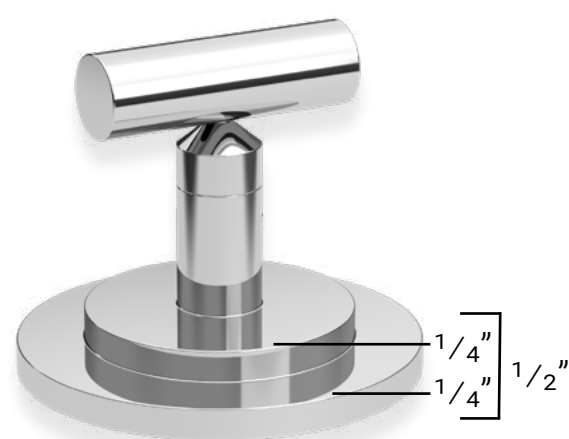

WINGITS®
Standard Base

WINGITS®
GRAND Base

WINGITS®
BOLD Base

WINGITS®
BOLD Double GRAND Base

Only Winglts® crafts polished stainless steel grab bars, providing unmatched style and security in every design.

Clean flowing lines accent the durability and distinction.

Engineered to all meet building codes, and exceed ADA, 2010 ADAAG and 2017 ANSI standards.

Patented BridgeBind™ technology creates the ultimate structure.

Minimal crevices for dirt to collect keeps these grab bars maintenance free.

GBWME40 Designer Grab Bar Fastener

RATED UP TO 600 LBS.
When installed with Winglts® patented GBWME40 Designer Grab Bar fasteners in drywall with tile.

DESIGNER GRAB BARS

STANDARD™ GRAB BARS

Anti-slip grab bars repel dirt and bacteria.

Winglts® exclusive Diamond Knurling pattern offers an excellent grip, yet is gentle on sensitive skin.

Diamond Knurling and Peening are both available, which feature a better gripping surface than a typical smooth metal surface.

Pure 18/8 (304) stainless steel tubing.

PLATINUM™ GRAB BARS

All parts are 18/8 (304) stainless steel, tubing is 18-gauge (1.2mm).

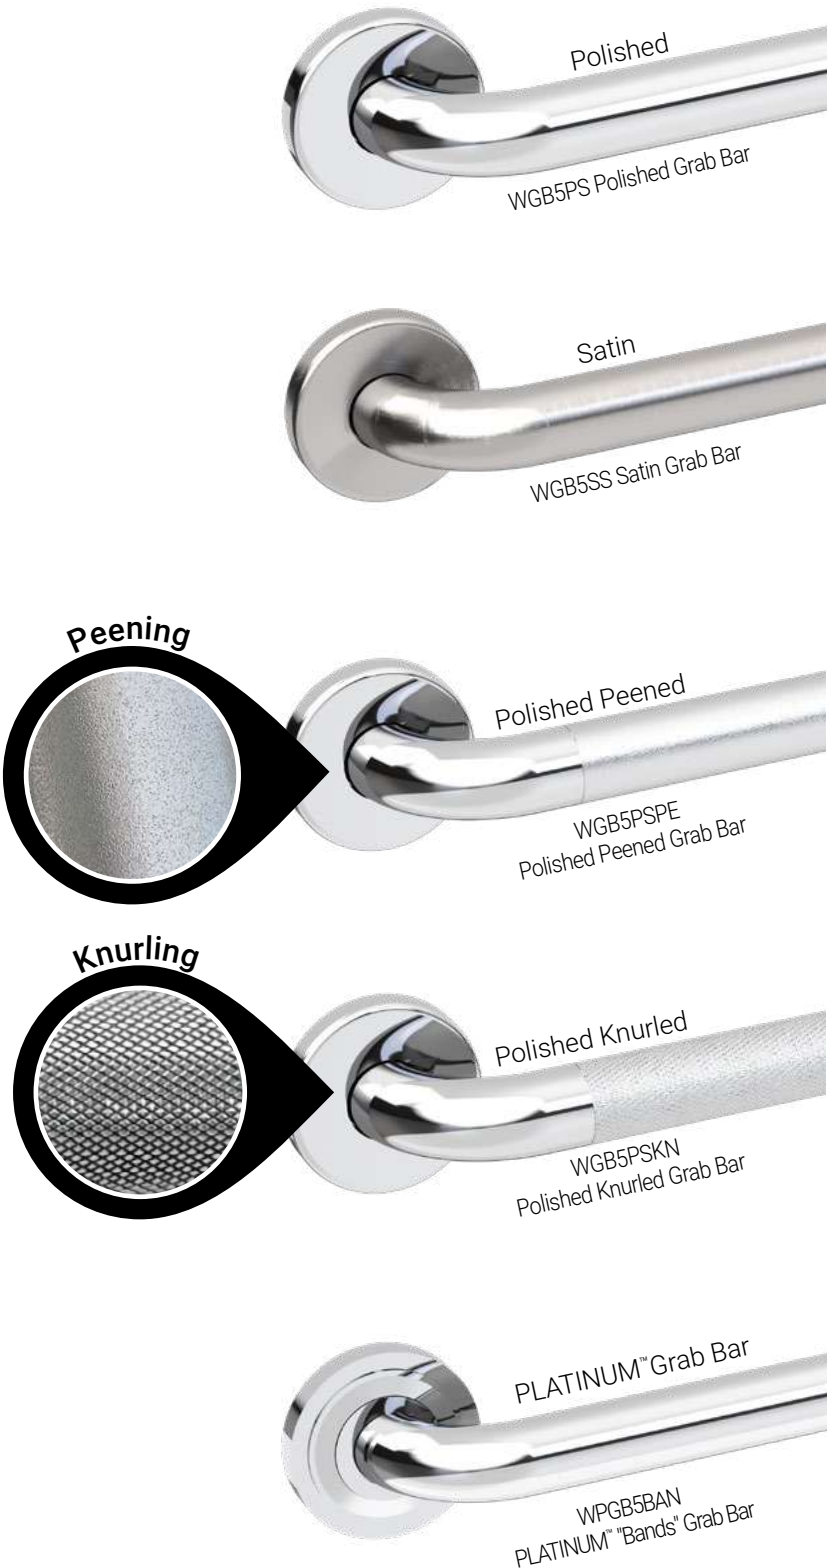

Heavy cast stainless steel threaded flanges tighten to form a waterproof seal.

Meets or exceeds all building codes, ADA Criteria, 2010 ADAAG and 2017 ANSI standards.

GBW40 Grab Bar Fastener

RATED UP TO 800 LBS.
When installed into adequate structural blocking, or with WINGITS® GBW40 THE BEAST™ Grab Bar fasteners in drywall with tile

WINGITS® EXCLUSIVE
SureGrip™ features anti-slip silica added into the paint for a superior gripping surface.

Exceeds all building codes, ADA, 2010 ADAAG and 2017 ANSI standards.

Pure 18/8 (304) stainless steel tubing.

Polyester Fibrous Paint, a three-component paint, utilizes a resin + catalyst + accelerant for the ultimate finish.

Paint will never fade or show signs of wear.

Available in any RAL color to match your design scheme.

Winglts® will work with you to create a custom product or finish if desired.

Suitable for indoor and outdoor use.

POLY PAINTED GRAB BARS

PURE ELEGANCE™

Pure 18/8 (304) stainless steel tubing covered with a nylon sheath.

Soft and warm to the touch.

Exceeds all building codes, ADA, 2010 ADAAG and 2017 ANSI standards.

Excellent non-slip and antimicrobial gripping surface for hands.

Exceeds safety rails in hazardous locations criteria as well as barrier free accessibility guidelines, including ADAAG, for structural strength.

PURE Elegance™ shower seats and tub benches exceed minimum 250 lbs. load requirement per the 2010 ADAAG and 2017 ANSI Standards.

Stainless steel mount plate and hinge rated up to 450 lbs.

Beautifully designed and warm to the touch.

Installs directly into adequate structural blocking to prevent liability.

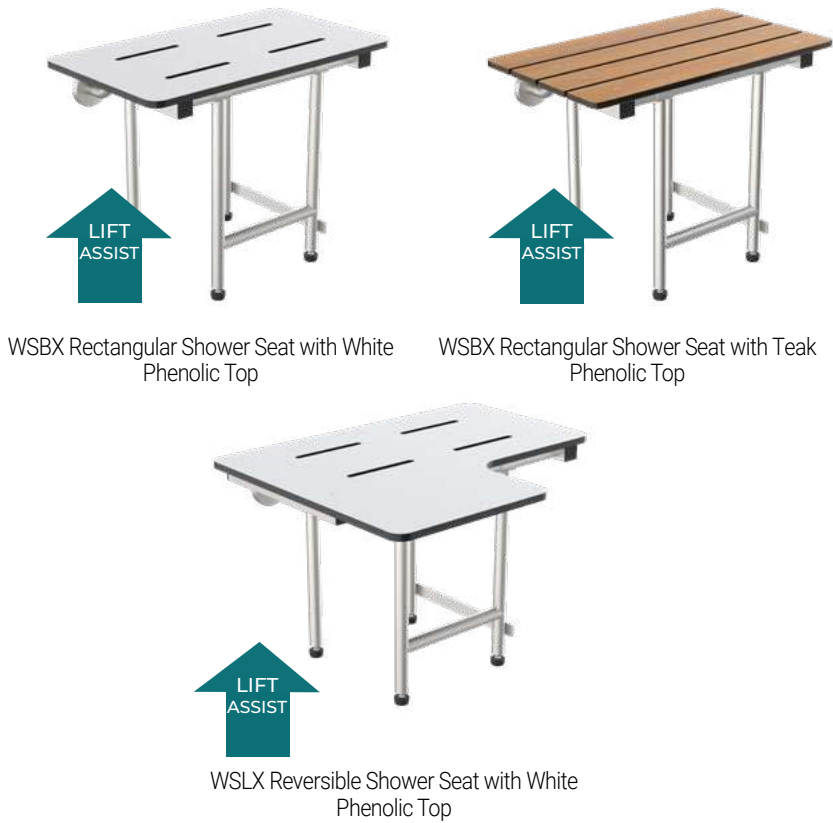

Heavy nylon antimicrobial sheath exterior with directional slats.

Folds up neatly after use.

PURE Elegance™ Shower Seats and Tub Benches are NOT compatible with WingIts® fasteners and MUST be installed into adequate structural blocking

Lift-Assist

800 lbs. load capacity rating for legs-to-floor designs when installed into adequate structural blocking, or with WINGITS® GBW40 Grab Bar Fasteners in drywall with tile.

WingIts® shower seats are the easiest to lift on the market.

The only shower seats that comply with the 2010 ADAAG and 2017 ANSI Standards Five Pound Maximum Lift Force requirement (Code 309.4).

Feature phenolic tops and structural stainless steel carriage construction.

Built to accommodate any bath configuration.

GBW40 Grab Bar Fastener

- NEVER loosens—The World's Strongest Fastener®
- Rated up to 800 lbs. in drywall with tile
- Over 3 MILLION installations without a single failure.

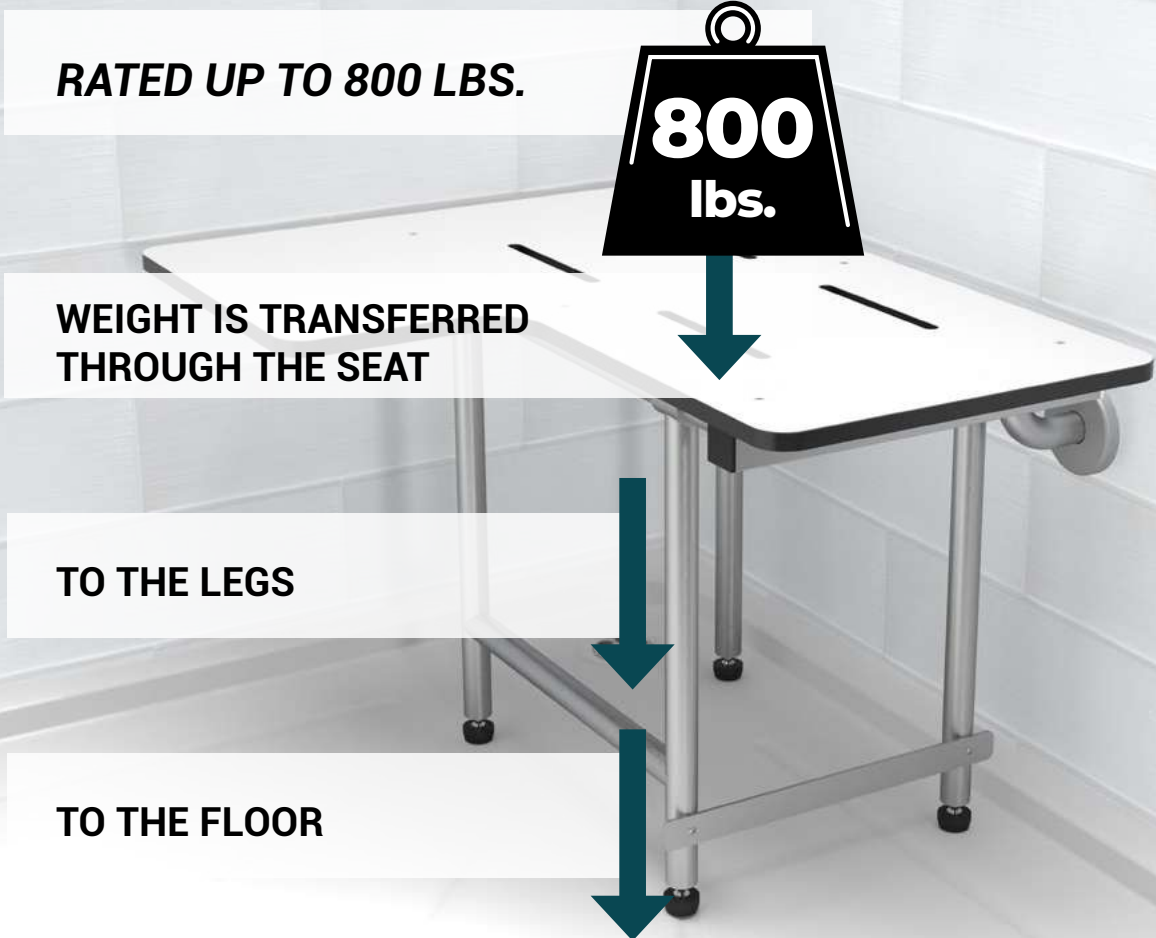

The GBW40 has been specified by every major hotel chain in North America in the last 20 years.

SHOWER SEATS WITH LIFT-ASSIST™

The only shower seats that comply with the 2010 ADAAG and 2017 ANSI Standards Five Pound Maximum Lift Force Requirement. (Code 309.4)

Winglts® products are developed to meet ADA and building codes while exceeding all load requirements to ensure durability and minimize liability. We engineer our products to handle vector, vibratory, & moment forces while distributing the loading to ensure durability.

Winglts® will NOT make or sell items that expose our partners to liability– for example, our phenolic/ stainless steel shower seats transfer the weight through structural legs into the floor because angle wall brackets are a liability! Additionally, our shower seats can be installed with our “BEAST” fastener when blocking is not available.

Winglts® – the Solution Company!

PORTABLE TUB BENCH

Meets ADA Criteria 2010 ADAAG & 2017 ANSI Standards

WHPTB
Portable Tub Bench

The 2010 ADAAG guidelines state that the top of bathtub seats shall be 17” (430 mm) minimum and 19” (485 mm) maximum above the finished bathroom floor.

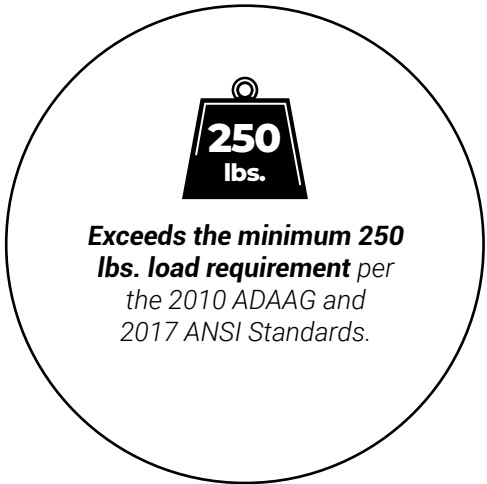

Adjustable Tub Clamp: The height of the clamp assembly with the phenolic top is 3.5” (3” for the lift and 1/2” for the phenolic top). If the tub height is 13.5” – 15.5” AFF, this portable tub bench can be used and meets code of the 17” minimum – 19” maximum AFF.

The width of a removable in-tub seat shall be 15” (380 mm) minimum and 16” (405 mm) maximum.

The seat shall be capable of secure placement. Feet must rest on flat surface of tub for proper fit, not on radius of tub.

Rubber feet are adjustable for various surfaces.

Available in White Phenolic or Teak Phenolic, Padded Naugahyde is NOT an option with this bench.

TUB BENCHES

Meets all building codes, and exceeds ADA criteria and 2010 ADAAG and 2017 ANSI standards.

Available in a 1-Piece Phenolic material, Phenolic Slats or Padded Naugahyde.

Extremely durable, non-porous, and anti-microbial.

Exceeds 250 lbs. load rating when installed into adequate structural blocking, or with WINGITS® GBW40 Fastener for hollow wall installation in drywall with tile.

Easy waterproof installation

No caulking required

Faster installation

Lower labor costs

WINGITS®

BRIDGEBIND™ TECHNOLOGY

WingIts® standoffs are solid stainless steel HeliArc® welded using BridgeBind™ Technology to create the ultimate structural bond.

WORLD'S STRONGEST FASTENERS®

Install anywhere with WingIts® World's Strongest Fastener® systems.

TRI-LINEAR BUFF TECHNOLOGY™

Tri-Linear Buff Technology™ polishes 18/8 (304) stainless steel to a brilliant mirror finish.

EVERYONE ELSE

HOLLOW TUBING

Chrome plated hollow tubes are structurally and aesthetically inferior.

ZINC MOUNTING BRACKETS

Zinc mounting brackets, made from inferior materials with no structural bond to the product, must be installed into structural blocking.

CHROME PLATING

Chrome plating is toxic to the environment and plated stainless steel is subject to rust, chip, and pit over time.

...GUARANTEED FOR A LIFETIME
